CAREER OBJECTIVE

Final-year BCA student aspiring to start a career as a Full Stack Developer, with knowledge of web application development and data handling concepts. I am familiar with JavaScript, Node.js, and SQL (MySQL), and have worked on academic and personal projects that helped me understand application workflows and data usage.

My interest in digital painting and basic 3D modeling helps me create visually appealing and user-friendly presentations, giving me a good sense of UI/UX design. I am motivated to continue learning, improve my technical skills, and contribute to practical projects in a growing organization.

EDUCATION

Bachelor of computer applications(BCA)	SREE SARASWATHI THYAGARAJA COLLEGE,POLLACHI (2023 - 2026) - CGPA (Till 5th Sem) 7.4/10
